

We were going over All
our Scout Outings and felt
that it was never to late
for a Heart felt Thank you.
The Boys had an awesome time!

Dear PJ Keating,

Sorry for the delay in this note. Thank you for spending time with the boy scouts from Lunenburg Pack 1728, Den 2. The boys really enjoyed learning about your machines and mining. They were also very excited about the geology packages you made for them. We truly appreciate the dedication people, such as you have to our children and their growth as responsible citizens. Thank you for sharing your time, knowledge and enthusiasm with all of us.

D AN

Sincerely,
Wolf Den 2
